

Renewable Energy Potential: Existing Electric Generation

Legend

Existing Electric Generation

- ★ Solar (>15Kw labeled)
- ★ Wind
- ★ Bio
- ★ Other
- Hydroelectric Dams

Existing Electric Generation under the State Energy Planning Guidelines.

Distributed Generation also from Green Mountain Power
4/28/2017.

Hydroelectric facilities from agency of Natural Resources.

This map was created as part of a Regional Energy Planning Initiative with funding from the Vermont Public Service Department.
