

Renewable Energy Potential: Transmission and Distribution Resources and Constraints

Legend

- Substations
- VELCO High Voltage Transmission
- Sub-Transmission Lines
- 3 Phase Power Lines

Circuit Ratings

- Good
- Fair
- Poor

Transmission and Distribution under the State Energy Planning Guidelines.

Substations, Transmission lines and 3-Phase power distribution lines from Green Mountain Power/ACRPC, Circuit Ratings identifying capacity loads from Green Mountain Power, 4/28/2017.

Addison County
REGIONAL PLANNING COMMISSION

This map was created as part of a Regional Energy Planning Initiative with funding from the Vermont Public Service Department.
