Introduction to Community Lifelines

Thu, Dec 10, 2020, 10:00 AM - 11:30 AM

Register by Tue, Dec 8, 2020, 10:00 AM EST

Introduction to Community Lifelines, introduces the Community Lifelines construct, an outcome-driven response structure used to achieve incident stabilization. This course provides an overview of the seven (7) Community Lifelines, including how they promote the importance of situational awareness, prioritization of response efforts, and decision-making processes during a disaster response to work toward incident stabilization.

Vermont Local Roads Virtual Safety Round Table

Virtual Town Hall: Vermont State Rail Plan and Vermont State Freight Plan Updates

Thursday, December 17, 4:00 PM – 5:30 PM

<https://vtrans.vermont.gov/planning/freight>

The Vermont Agency of Transportation (AOT) invites the public to participate in a virtual Town Hall Meeting via Microsoft Teams. The Town Hall will include a presentation about draft recommendations, followed by a question-and-answer session. The draft recommendations incorporate feedback from the project's Advisory Committees and public input.

This is the second of two virtual Town Hall Meetings being held this year to help update the Vermont State Rail Plan and the Vermont State Freight Plan. The first meeting focused on identifying needs and issues (video available). This Town Hall will help narrow in on recommendations for the Rail Plan.
