- Energy Updates from Maddison:
 - Field Days: ACRPC has the opportunity to apply for a booth at Addison Co. Field days on behalf of the energy committee. I have received approval from Adam for the expense if we choose to move forward. We have a few other regional groups that may take a few days of booth time but the energy committee would be the primary group responsible for staffing the booth between 12-6 PM during the event August 9th-13th.
- Energy Data
 - LEAP data delay - the state has informed us that the LEAP modeling data that we use in the development of enhanced energy plans will not be available until the fall.
 - [Efficiency VT Data](#) - Following a meeting with Efficiency VT, energy planners around the state were informed that Efficiency VT data is not as comprehensive as we believed. We have proposed a statewide energy data gathering and reporting effort to the Public Service Department
- Welcome to town energy committee members and GreenSavingSmart representative, Jen Meyers.
 - We had eight attendees including our energy committee members and a productive discussion around valuable points of contact and outreach for the GreenSavingSmart Program. Following several requests, Jen has been invited to participate in the Field Days booth.
