 Would you like to learn more about personal finance and energy efficiency?*

GreenSavingSmart is here to help!

What is GreenSavingSmart?

GreenSavingSmart is a statewide program that works with Vermonters to help empower them with skills and resources to take charge of their personal finances and reduce their dependence on fossil fuels. Our team of five statewide coaches work 1:1 with participants to provide services like:

budgeting | savings planning | credit building | energy incentive navigation | financial and energy education | debt management

Who is eligible?

1. You can participate if you live in Vermont
2. You are eligible for services if you are at or below 80% State Median Family Income (MFI) or at or below 120% MFI if you identify as being part of a single parent household, BIPOC household, or New American household.
