**Addison County  
Regional Planning Commission**

**7:00 p.m. Public Hearing concerning ACRPC's proposed Bylaw Amendment to allow shared Services:**

Stephen Pilcher welcomed the Commission at 7:00 and opened the public hearing concerning ACRPC's proposed Bylaw Amendment to allow shared services. Stephen invited members of the public to make any comments on the proposed amendment. No members of the public offered any comments. Stephen then opened the hearing to members of the full commission.

Cheryl Brinkman asked what services the commission might perform.

Adam responded that it could be a broad assortment of services, but expected the most likely activities would be shared municipal officials, like town administrators, zoning administrators, listers or other officials.

Gioia Kuss asked what in this proposal the public might object too.

Adam responded that he suspected certain members of the public might object to the expansion of regional powers or responsibilities to more closely resemble county government, which they could object too.

Rich Warren noted that he had spoken with officials in Starksboro about the proposed amendment and that they liked the idea.

Stephen Pilcher noted that working with a full time professional from ACRPC may be more expensive than what towns are used too, but should bring other benefits.

Hearing no further comments, Stephen kept the hearing open for anyone with comments, but proceeded to the commission's regular business.

**7:20 p.m. Business Meeting:** Stephen Pilcher moved the commission to its business meeting.

- I. Approval of the November 9, 2022 minutes:** Shannon Haggett moved approval of the minutes. Arabella Holzapfel seconded the motion. The minutes passed by voice vote/show of hands. Gioia Kuss abstained.
- II. Executive Board Minutes:** The Executive Board minutes were included in the package for informational purposes. No one had any questions regarding their content so Stephen moved on.

14 Seminary Street Middlebury, VT 05753 • [www.acrpc.org](http://www.acrpc.org) • Phone: 802.388.3141

- III. Treasurer's Report:** Adam gave a Treasurer's Report for the end of October, 2022. Adam noted that cash flow remains strong, that cash on hand is significantly more than we are used to seeing, and receivables remain high. Adam noted that earned revenues are significantly ahead of expenses on a gross basis, and about \$ ahead once prepaid items are removed. **Shannon Haggett moved to accept the Treasurer's Report as presented. Tim Davis seconded the motion. The Commission voted to accept the Treasurer's Report as presented unanimously by voice vote/show of hands.**

**Stephen Pilcher closed the public hearing at 7:35.**

**IV. Committee Reports:**

Act 250/Section 248, Housing, Local Government Economic Development and Natural Resources: No meeting.

Energy Committee: Jeremy Grip reported that the Energy Committee had met to discuss the Municipal Energy Resilience Grant. That grant, with funding coming through Buildings and General Services and technical assistance provided by each RPC will grant \$25M to towns statewide to provide energy efficiency improvements to town buildings of up to \$500,000 per town. It also contains \$4,000 per town for energy planning and outreach.

Jeremy also noted new incentives for changing out old inefficient wood stoves for new ones. Lastly, the Energy Committee also expects to review Whiting's Enhanced Energy plan in January.

Transportation Advisory Committee: Shannon noted that the TAC had met and worked through a refresher on its roles and responsibilities and was considering amending its bylaws. It also discussed the Vergennes area PELS study and discussed the FY 23 TAC grants.

Housing: Tim Davis reported that the Housing Committee conducted its initial meeting and reviewed the state of housing in the Region with Elise Shanbacker from the Addison County Community Trust. It also reviewed its goals and implementation actions and intends to pursue lots of the implementation actions.

**V. Joint Partner's Report/Delegate Staff Recognition:**

Adam noted that the Addison County Economic Development Corporation was completing developing its priority project list and that he would be serving as one of the reviewers for the program.

## VI. Old Business:

Maple Broadband Addison County CUD Update: Steve Huffaker, the Chair of Maple Broadband, gave a brief summary of Maple Broadband's activities. Steve noted that Maple Broadband began construction of its network in September 2022 and hopes to hook up customers in the beginning of January. Steve noted Maple Broadband was now planning its Phase II buildout and really ramping up its marketing for the area covered, and to be covered, by its phase I building program.

Hugh McLaughlin also noted that the VCBB had recently amended its rules governing where Maple Broadband could use grant money to build. The change allows maple Broadband to go anywhere not already served by fiber, where previously it was more constrained by Go Net Speed's claims to be building in a lot of places soon. Since that constraint has been lifted, Maple Broadband will be going back and picking up a lot of places it had initially left unbuild in Phase 1A of its construction.

Audit Update: Adam noted that the commission had hired Veroff and Austin to conduct its audit for fiscal year 2022. That work is not quite completed. Adam expects to present a draft audit to the commission for its approval in January.

Other: None.

## VIII. New Business:

Amend bylaws to provide for shared municipal services: Stephen brought the proposed shared services amendment up for a vote. **Cheryl Brinkman moved to adopt the proposed bylaw changes allowing ACRPC to provide shared services. Jeff Glassberg seconded the motion, which passed unanimously.**

Vote on ACRPC Annual Dues for FY2023: Adam presented the Commission dues structure to the commission and noted that the Executive Board was recommending that the Commission adopt a 3 cent per capita increase to help address inflation. Tim Bouton moved that the commission adopt a 6 cent per capita increase noting inflation was much higher than the proposal covered and that ACRPC's budget had increased dramatically and the municipal share of the budget should keep pace. The motion failed to garner a second.

Cheryl Brinkman then moved that the Commission adopt a 3 cent per capita increase to the dues as presented by the Executive Board. Gioia Kuss seconded the motion,

which appeared to pass by voice, but because of the remote nature of the meeting, Stephen asked Adam to conduct a Roll Call vote. The motion passed 15-1 as follows:

Andrew Manning	Y
Stan Grzyb	Y
Arabella Holzaphel	Y
Tim Davis	Y
Jim Pulver	Y
Barbara Greenewalt	Y
Hugh McLaughlin	Y
Stephen Pilcher	
Debra Sprague	Y
Tim Bouton	N
Joseph Andriano	Y
Jeremy Grip	Y
Rich Warren	Y
Shannon Haggett	Y
Cheryl Brinkman	Y
Jeff Glassberg	Y
Gioia Kuss	Y

Other: Joseph Andriano, the delegate from Orwell brought the sale of Camp Sunrise, a 146 acre boy scout camp to the Commission's attention. He noted that many in town wanted ANR to purchase the property as a park to keep access to the lake open. Joseph noted he believed the lake was a regional asset and was asking for help raising awareness about the pending sale.

- IX. Member's Concerns/Information:** The New Vergennes Energy Committee will be holding a meeting tomorrow evening at 6:00 p.m. at the Bixby Library in Vergennes. They will discuss the new Vermont Energy Standard and about funding four new electric chargers in the City of Vergennes.

Stephen Pilcher announced that Monkton had successfully received a new village center designation from the State of Vermont.

- X. Adjournment:** There being no further business, **Shannon Haggett moved to adjourn, which all supported. The Commission adjourned its meeting at 8:43p.m.**

Respectfully submitted,

Adam Lougee

ADDISON COUNTY REGIONAL PLANNING COMMISSION  
EXECUTIVE BOARD MEETING  
December 14, 2022

The Addison County Regional Planning Commission's Executive Board held its monthly meeting in a hybrid fashion, at its offices and via Google meet with Chair, Stephen Pilcher presiding.

ROLL CALL

<i>Ferrisburgh</i>	Arabella Holzapfel
<i>Middlebury</i>	
<i>Monkton</i>	Stephen Plicher
<i>Panton</i>	
<i>Ripton</i>	Jeremy Grip
<i>Vergennes</i>	Shannon Haggett Cheryl Brinkman

STAFF: Adam Lougee, Director

Stephen opened the meeting at 6:04 p.m.

MINUTES

**Shannon Haggett moved to adopt the October 2022 minutes. Cheryl Brinkman seconded the motion. The motion to approve the minutes passed unanimously by voice vote/show of hands.**

TREASURER'S REPORT

Adam delivered the Treasurer's Report through the month of October. He noted that cash on hand as of October 30th remained strong. Receivables are also exceptionally strong. Adam also presented a monthly budget report. Adam noted that with appropriate adjustments, ACRPC's revenues are slightly ahead of its expenses. **Cheryl Brinkman moved to accept the Treasurer's Report as presented. Arabella Holzapfel seconded the motion, which passed unanimously.**

COMMITTEE REPORTS

Energy Committee: Cheryl reported that the Energy Committee had met to discuss the Municipal Energy Resilience Grant. That grant, with funding coming through Buildings and General Services and technical assistance provided by each RPC will grant \$25M to towns statewide to provide energy efficiency improvements to town buildings of up to \$500,000 per town. It also contains \$4,000 per town for energy planning and outreach. The Energy Committee will also hold a hearing on Whiting's Enhanced Energy plan in January.

TAC: Shannon noted that the TAC had met and worked through a refresher on its roles and responsibilities, discussed the Vergennes area PELS study and discussed the FY 23 TAC grants.

Housing: The Housing Committee conducted its initial meeting and reviewed the state of housing in the Region with Elise Shanbacker from the Addison County Community Trust.

## **OLD BUSINESS**

Bylaw Amendment proposing Shared Services: Adam reminded the executive Board that this would be brought to the full commission at its next meeting. No one had any questions so the Executive Board moved on.

Financial Policies: Adam presented the proposed revised financial policies that were in the package. The policies have not changed significantly since Adam presented them last time. We still may have work for document retention related to the Clean Water Service pProvider, but they have not set their requirements yet, so Adam would like to move forward with the rest of the policies and then amend later when we know the rules. **Shannon Hagget moved to adopt the Revised financial policies as presented. Chertyl Brinkman seconded the motion, which passed unanimously.**

Audit Update: Adam noted that ACRPC had hired Veroff and Austin to conduct our audit of our fiscal year 2022 ending on June 30, 2022. The Audit is not quite completed. Adam will send it out when it is completed and ask Steve Veroff to be available to present the audit to the Executive Board if they feel that is necessary. Assuming the Board accepts it, Adam will ask for full Commission approval in January.

Other: None.

## **NEW BUSINESS**

Purchase of new Plotter: Adam requested the ability to purchase a new plotter this year. He noted it was not in the budget and therefore he felt he needed the Executive Board's permission for the purchase since the price is over \$5,000. Adam recommended a purchase over a lease because the equipment tends to last a long time (Our current plotter is almost 15 years old). Therefore, he feels we get more value from the purchase. **Jeremy Grip moved to purchase the plotter and the maintenance package. Shannon Haggett seconded the motion, which all approved.**

Adam noted that when he amends the budget in February, he will include it for the full commission's approval.

TAC Bylaw Amendment: Adam presented the Bylaw amendment that the TAC is contemplating, allowing citizen interest groups, in addition to municipalities to join the TAC. This is similar to the full commission structure and the Executive Board did not have any concerns with the proposal.

RPC Dues: Adam noted that each December the Executive Board presents a recommended dues structure to the full commission for its approval. Adam presented the current structure and some alternative scenarios. **Shannon Haggett moved to present a proposed increase in the dues by 3 cents per capita to the full commission. Jeremy Grip seconded the motion, which passed unanimously.**

Other: None.

#### **ADJOURNMENT**

**Jeremy Grip moved to adjourn. All approved and the meeting adjourned at 6:54 p.m.**

Respectfully submitted,

Adam Lougee

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of Addison County Regional Planning Commission ("ACRPC") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise ACRPC's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of ACRPC as of June 30, 2022 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ACRPC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ACRPC's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditors' Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ACRPC's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise doubt about ACRPC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on page 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 - 7 be presented to supplement the basic financial statements.

Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. In addition, Schedules I, II, III, IV are presented for purposes of additional analysis and are not a required part of the financial statements. We have applied certain limited procedures to the required supplementary information listed above in accordance with auditing standards generally accepted in the United States of America which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge We obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2022, on our consideration of Addison County Regional Planning Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Addison County Regional Planning Commission's internal control over financial reporting and compliance.

**ADDISON COUNTY REGIONAL PLANNING COMMISSION  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

The following management's discussion and analysis of the Addison County Regional Planning Commission ("ACRPC")'s financial performance provides an overview of ACRPC's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with ACRPC's financial statements.

**Financial Statement Overview**

ACRPC's basic financial statements include the following components: 1) Management's Discussion and Analysis, 2) basic financial statements and 3) other required supplementary information. The financial statements include notes which explain in detail some of the information included in the basic financial statements.

**Addison County Regional Planning Commission**

The mission of ACRPC is to assist member municipalities in providing effective local government and to work cooperatively with them to address regional issues. The legal basis and powers for the Commission serving as the region's regional planning commission stem from and are as stipulated in 24 V.S.A. Chapter 117 § 4301 et seq., as amended, 24 V.S.A. § 4345 et seq. and such other laws as may be enacted by the General assembly of the State of Vermont. The Commission was chartered by the municipalities of Addison County and is funded in part through the State of Vermont property transfer tax as outlined in 24 V.S.A. § 4306 (a). Along with other regional planning commissions in Vermont, ACRPC is a nontaxing political subdivision of the State of Vermont established under state statute (24 V.S.A. §4341). To the extent a conflict exists with a provision in Vermont statutes governing regional planning commissions, the Vermont statutes will control.

**Financial Highlights**

Key financial highlights for fiscal year 2022 are as follows:

- ACRPC's total net position increased by \$40,914 in fiscal year 2022 compared to a decrease of \$42,112 in fiscal year 2021.

**Using These Financial Statements**

The Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position (on pages 8 and 9) provide information about ACRPC's activities as a whole. These statements include all assets, deferred outflows of resources, and liabilities of ACRPC using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

Net position is the difference between assets, deferred outflows of resources and liabilities, and is one way to measure the financial health, or financial position, of ACRPC. Over time, increases or decreases in the Commission's net position is one indicator of whether its financial health is improving or deteriorating. Other factors to consider are changes in the mix of grant and operating revenue.

**Budget**

ACRPC builds its annual budget on diverse sources of funding. Transportation funding is primarily federal (80%), from Federal Highways Administration funds, so it is dependent on the Federal Transportation Bill for appropriations of planning funds. The Commission receives 10% of matching fund for the majority of the federal transportation funds from the state, making it dependent on the actions of the Vermont legislature.

**ADDISON COUNTY REGIONAL PLANNING COMMISSION  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

ACRPC receives dues from its member municipalities that in year ended June 30, 2022 totaled \$43,997 as unrestricted revenue used to locally match projects and support basic operations.

The State of Vermont provides regional planning funding through an annual performance-based contract through the Department of Housing and Community Development (DHCD). These funds were \$382,525 for year ended June 30, 2022. With these funds, ACRPC carries out statutory duties as specified in an annual work program approved by ACRPC and DHCD. These funds are used as a match for local and regional projects.

ACRPC also funds its operations through special purpose grants and service contracts for technical assistance. These funds tend to vary from year to year, but include funding through the Agency of Transportation, Emergency Management Performance Grants funded by the federal U.S. Department of Homeland Security through Vermont Emergency Management, and other granting agencies.

### **Operating Results**

ACRPC finished the year ended June 30, 2022 with a surplus change in net position of \$40,914. These results are shown on the statement of Revenues, Expenses and Changes in Net Position on page 9.

Each year the upcoming indirect rate is estimated and negotiated based on the most recent audited expenses, which are always two fiscal years previous, and the subtraction of any previous year adjustments. There will always be some variance between the estimates and actual experience. A rate that is higher than it should will tend to produce revenues in excess of expenses, while a lower rate will reduce revenues. The variance between estimates and actual indirect rates are accounted for by a "carry-forward" adjustment each year. The carry-forward adjustment adds or subtracts to the calculation in a manner that will reduce the rate in subsequent years to make up for an inflated rate or increase a rate if indirect costs were under collected in a previous year.

### **Condensed Financial Information**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of ACRPC, assets exceed liabilities by \$310,653 at the close of the most recent fiscal year.

Investment in capital assets represents 1.7% of ACRPC's net position. ACRPC uses these capital assets to provide services; consequently, these assets are not available for future spending.

The remaining balance of unrestricted net assets of \$305,250 may be used to meet ACRPC's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the Commission is able to report a positive net position balance for the entity as a whole.

The following condensed and reformatted financial information is a condensed version of the financial statements presented in this report.

**Explanation of Changes in Net Position for the year ended June 30, 2022**

- Change in cash and cash equivalents in current and other assets: This increase is the result of normal operational needs.
- Change in receivables in current and other assets: The decrease in accounts receivable at the end of the fiscal year was due to regular changes in how quickly our grantors pay invoices.
- Change capital assets: The modest decrease in this asset was the result of routine depreciation and the acquisition of a conference room TV.
- Change in accounts payable in current liabilities: The decrease can be attributed to fluctuations in consultant billings from one time period to another and timing of vendor payments.

A summary of Revenues, Expenses, and Changes in Net Position for the year ended June 30, 2022 are as follows:

	<u>June 30, 2022</u>	<u>June 30, 2021</u>	<u>Change</u>
Operating revenues	\$ <u>783,352</u>	\$ <u>706,239</u>	\$ <u>77,113</u>

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Activities

Addison County Regional Planning Commission (ACRPC) was formed in April 1967. The Commission receives the support of twenty-one municipalities in Addison County. The activities of the Commission are governed largely by statute, namely Chapter 117 of Title 24 of the Vermont Statutes Annotated. One of the primary objectives of the Commission has been, and continues to be, providing local elected and appointed officials and the general public with information; training and technical assistance necessary to facilitate the ability of locally elected and controlled municipal government to serve the needs of its citizens. The Commission's work program reflects the needs expressed by its member municipalities and priorities of state or federal funding agencies. The Commission assists its members by preparing municipal plans and bylaws. It also addresses area-wide concerns such as land use planning, economic development, energy and transportation, housing, emergency management and natural resources planning.

As part of its assistance, ACRPC speaks for municipal interests in many forums involving state and federal agencies. The Commission is a clearinghouse for the Vermont Intergovernmental Coordination System (VICS). It reviews projects and programs specifically related to Addison County and the state as a whole. The Commission represents the region at Act 250 and Section 248 hearings and in various state and federal programs involving land use planning, transportation planning, natural resources planning, emergency planning, outdoor recreation, housing, energy planning and other programs. Assistance is available to municipalities and institutions for procurement of state and federal grants. The above activities demonstrate only a portion of the Commission's ongoing programs and projects.

The Commission's combined financial statements include all accounts and all operations of the Commission. In accordance with Governmental Accounting Standards Board Statement No. 14 (as amended by Number 39 and 61), the Commission has evaluated all potential component units. Addison County Regional Planning Commission has no component units.

Basis of Accounting

The Organization prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated capital assets are reported at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Estimated useful lives are as follows:

Computer software	3 years
Computer hardware	5 years
Other equipment	5 - 7 years

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Use of Estimates

During the preparation of ACRPC's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

Income Taxes

As determined by the Internal Revenue Service in 1970, Addison County Regional Planning Commission has been classified as an organization performing essential government functions for its members. ACRPC constitutes a political subdivision of the State of Vermont. Income earned by ACRPC is excluded from gross income under Section 115 (a) (1) of the Internal Revenue Code. The Commission is not required to file federal or state income tax returns.

Concentration of Credit Risk

At various times during the fiscal year ACRPC's cash accounts may have exceeded the Federal Deposit Insurance Corporation (FDIC) insured limit of \$250,000. The Commission's policy is to maintain funds for operating purposes in accounts where the balances are government secured.

Town Assessments

The town assessments receivable and associated unearned revenue at June 30, 2022 were based on the Vermont Department of Health's estimated population figures excluding group quarters at a rate of \$1.32 per capita in 2022. Revenue for 2022 was based on the 2019 US Census population figures, excluding institutional or group quarters' population as approved by the Commission.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

Board of Commissioners  
Addison County Regional Planning Commission  
14 Seminary Street  
Middlebury, Vermont 05753

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of Addison County Regional Planning Commission ("ACRPC") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise ACRPC's basic financial statements and have issued our report thereon dated December 15, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered ACRPC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ACRPC's internal control. Accordingly, we do not express an opinion on the effectiveness of ACRPC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether ACRPC's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of ACRPC's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ACRPC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
