

## **Addison County Older Adults and People with Disabilities (O&D) Committee Quarterly Meeting Agenda**

*January 16, 2024*

The Addison County O&D Committee provides oversight and guidance for Tri-Valley Transit's programs to assist older adults and persons with disabilities in Addison County. Programs supported by the committee get users out of their homes to medical appointments, to local adult day-care, to senior meal sites and for essential shopping. These services supplement regular transit services in the area, filling in gaps left by programs like Medicaid.
