virtual ICS-402 class
This course is an overview for town officials, executives, selectboards, and emergency management team members who will interact with first responders. It's an excellent course for members of your emergency management team and local government.
LOCATION: Virtual
DATE/TIME: **Tuesday, May 14th** from 1pm-5pm.
Register through LMS or Microsoft Forms at the link: https://forms.office.com/g/D1MdXCsdrW

VT- Alert Manager Training
This training is intended for Town Officials who use VT-Alert for public notifications. This class is required for all people who will be using the program at the manager level. This training can also act as a refresher as needed. The class will be approximately 1.5 hours long and consist of sending live test alerts. A computer and internet connection are required. A second computer monitor is highly suggested as there is a follow along portion to the class. Prior to the training please confirm that your town has the required VT-Alert adoption paperwork. If you are unsure please contact dps.vtalert@vermont.gov
LOCATION: Virtual
This training is now an anytime training in the LMS. VEM will still host the virtual live training. You can take this training at the following link on the LMS: https://vermont.csod.com/ui/lms-learning-details/app/video/588bdf66-6e68-490e-aa8b-18ccdd115184

PER -275: Law Enforcement Active Shooter Response
Terrorism involving active shooter attacks on population centers has become part of law enforcement officers' awareness; however, increased awareness of a problem does not ensure preparedness or appropriate response tactics. This course addresses technical aspects of planning and implementing a rapid law enforcement deployment to an active shooter incident through classroom presentations, hands-on performance-based field training, and scenario-based practical exercises.
LOCATION: Hartford Memorial Middle School, White River Junction, VT
DATE/TIME: July 9-11, 2024, 8:00 a.m.- 5:00 p.m. each day
REGISTRATION: required Louisiana State University National Center for Biomedical Research and Training (LSU NCBRT) Access Code: NCBRT275
This is for LAW ENFORCEMENT ONLY

MGT 417: Crisis Management for School-Based Incidents for Key Decision Makers
this two-day course building upon the foundation of AWR148: Crisis Management for School-Based Incidents. It will provide content instruction, develop concept-specific skills, and provide opportunities for law enforcement, school personnel, and community stakeholders to collaboratively apply the course objectives in a scenario-based application. key decision makers from the following disciplines to participate in this training: schools, law enforcement, fire departments, EMS, emergency management, mental health, and other community stakeholders that may play a role in a school-based incident
