7:00 p.m. Business Meeting: Shannon Haggett, the Secretary of the Commission, opened the business meeting at 7:03 p.m. by welcoming the Commission members and any guests present.

- I. Approval of the January 2025 meeting minutes: Cheryl Brinkman moved approval of the minutes. Stephen Pilcher seconded the motion. The minutes passed by a voice vote/show of hands. Steve Revell abstained.**
- II. Executive Board Minutes:** Shannon noted that the most recent Executive Board meeting minutes were included in the package. He invited anyone with questions about the meeting to raise them. Hearing no questions, Shannon moved to the next agenda item.
- III. Treasurer's Report:** Adam presented the Treasurer's Report for the evening. Adam noted that cash flow remains strong and that cash on hand and receivables are also strong. Adam highlighted the draft Statement of Financial Activities through November, 2024. The Statement shows a negative fund balance for the year of about \$15,000. Adam believes the negative balance is largely a timing issue. He notes that ACRPC bills a lot of bigger programs quarterly. He believes we will show a positive cash flow again on the December financials after that quarter's billings have been tallied. **Stephen Pilcher moved to accept the Treasurer's Report as presented. Steve Revell seconded the motion. The Commission voted unanimously to accept the Treasurer's Report as presented by voice vote/show of hands.**
- IV. Committee Reports:**

Act 250/Section 248: Steve Revell noted that the Act 250 Committee did not meet last month. Adam added that he expected to attend the Status Conference that the Public Utilities Commission had scheduled later in the month to start the latest round of hearings on the Addison Vermont Gas Line. Adam noted that he expects to enter a Notice of Appearance and a Motion to Intervene on the Commission's behalf as the Commission decided earlier this fall.

Energy Committee: Cheryl noted that the Committee met and continued its review of the draft Regional Energy Plan.

Local Government: The Local Government Committee met in Orwell on January 15th and will present its recommendation from that hearing later in the agenda.

Natural Resources: No Meeting. Jeanne Montross noted that the committee had not met in some time and that she wanted to see it meet soon. Adam noted that he expected that it would start work on the natural resources portion of the Regional plan this spring.

Addison County Regional Planning Commission

14 Seminary Street Middlebury, VT 05753 • www.acrpc.org • Phone: 802.388.3141

TAC: Hugh McLaughlin noted the TAC met in January. It received a presentation from Otis Munroe of VTrans on its Transportation Resiliency tool.

Housing: Tim Davis noted that the Housing Committee had met just before this meeting. It continued its discussion regarding Act 181 and the Future Land Use maps and approved the presentation that ACRPC will present to its communities on February 20th at 6:00 p.m.

Economic Development Committee: Gioia Kuss reported that the committee met as the Brownfields committee and approved three area wide planning studies in the areas that ACRPC is studying as a part of the Transportation Oriented Development housing study. The goal is to complement the planning goals of the housing study.

- V. **Joint Partners Report**: Fred Kenney chose not to highlight any new work. He announced his retirement and introduced his successor, Alex Armani-Munn. Alex introduced himself to the Commission. Adam announced that ACRPC's chair, Joe Andriano, had sent word that he and his wife had recently had a baby girl. Her name is Bridget and she weighed a little over 8 pounds at birth. Adam congratulated Joe and his family on behalf of the Commission. Adam also invited ACRPC's newest planner, Rebecca Elder, to say a few words about herself. Rebecca introduced herself to the Commission.

VI. **Old Business:**

Maple Broadband Update: Steve Huffaker reported that Maple Broadband has largely completed its fiber construction for the year with the ARPA funding it had secured. It will continue to build its business operations and connect new customers. Its subscribers continue to grow and number over 500 households, a strong milestone for Maple Broadband. It will also focus its efforts on applying for more federal money through the BEAD grant to complete its buildout to unserved and underserved addresses in the Addison Region. Given the recent actions of the federal government, Steve noted that Maple Broadband is concerned about the viability of the BEAD grant moving forward, so it is also focusing its efforts on creating a plan B for itself if BEAD is not able to move forward.

Clean Water Service Provider Update: Adam noted that ACRPC serves as the Clean Water Service Provider for the Otter Creek Basin. We were recently approved in this capacity for another 5 year term. Additionally, the Basin Water Quality Committee for the Otter Creek Basin, which Arabella Holzapfel chairs, just met and approved

two new forestry projects. We still have plenty of funding and continue to look for projects.

Bylaws Update: Adam announced that he, Joe Andriano and Ross Conrad had reviewed the bylaws to fix the contradiction regarding who has the authority to appoint committee members, the Chair or the Executive Board and several other items that contradicted with the Commission’s practices. Adam brought the proposed Bylaws to the Commission and walked it through the changes proposed. The Commission raised questions about and requested that the Executive Board resolve very minor remaining issues in Sections 701 and 802 of the Bylaws. **Adam and the Executive Board will address that Commission’s concerns and bring the bylaws back to the Full Commission for a vote at its March meeting.**

Other: None.

VII. New Business:

Vote to Confirm the Town of Orwell’s Planning Process and regionally approve its Town Plan: Shannon noted that the Local Government Committee had held a joint public hearing with the Orwell Planning Commission in January to review the Orwell town planning process and the Orwell Town Plan for regional approval. The meeting went well and **the Committee voted unanimously to recommend that the Full Commission confirm the Town of Orwell’s planning process and to regionally approve the Orwell Town Plan. Jeremy Grip moved that the Commission approve the Committee’s recommendation. Nick Causton seconded the motion. The Commission approved the Committee’s motion unanimously.**

Recruiting Members for the Nominating Committee: Shannon noted that the Executive Board will propose the slate of candidates for the Nominating Committee at its next meeting at the end of February. Any Commissioners desiring to be on the Nominating Committee should notify Adam or any member of the Executive Board of their desire to be considered. The Executive Board will present its slate for the Nominating Committee at the March full Commission meeting.

Other: None.

VIII. Member’s Concerns/Chair Comments: Ed Payne asked whether ACRPC could use its Clean Water Service Provider (CWSP) funds to help the Addison County Field Days organization secure a 3-acre stormwater permit for its facility in New Haven. Adam replied

that unfortunately, it could not. The CWSP funding is for projects that are not required by a permit. Since Field Days is subject to the 3-acre Stormwater Permit requirements, it is not eligible for CWSP funding.

IX. Adjournment: There being no further business, **Tim Davis moved to adjourn, Jeremy Grip seconded the motion and Shannon adjourned the Commission by unanimous consent at 7:57 p.m.**

Respectfully submitted,

Arabella opened the meeting at 6:30 p.m. and welcomed the Executive Board.

MINUTES

Shannon Haggett moved to approve the January 22, 2025 minutes. Cheryl Brinkman seconded the motion. The motion to approve the minutes passed unanimously by voice vote/show of hands.

TREASURER'S REPORT

Adam presented the Treasurer's Report through the end of December 2024. The Statement of Financial Activities showed positive income for the quarter, which Adam believes to be accurate, but also included a couple of items that did not make sense financially. Adam explained what he thought the problems were and asked to be able to speak with April to work them out to create a fully accurate financial picture for the board. In the meantime, Adam noted that our financial position remained strong, with considerable equity and cash in the bank. **Shannon Haggett moved that Adam work with April to amend the financials as discussed and send them out to the Executive Board as soon as he is confident that they accurately represent ACRPC's current financial position.**

COMMITTEE REPORTS (only committees that have met since the Full Commission meeting)

Transportation Advisory Committee (TAC): The TAC met last week. They received a presentation from VTrans regarding the Vermont Rail Plan. They also approved using some Bike Ped funding to conduct a planning study in Orwell and if more money remained in Vergennes.

Shannon also reminded the Executive Board that the consultants for the Vergennes Planning and Environmental Linkage Study will present their final report at a meeting at the American Legion in Vergennes on April 2, 2025 at 6:00 p.m.

No other committees have met since the February Full Commission meeting. However, Adam noted that he had attended the Scheduling Conference for the Vermont Gas pipeline Certificate of Public Good application and would be filing a Notice of Appearance and a Motion to Intervene on behalf of the Commission as directed earlier this fall.

Old Business

Proposed Bylaw Change and Review: Adam noted that during the committee appointment process in September Joe noted an inconsistency in the Bylaws whereby both the Chair of the Board and the Executive Committee were empowered to appoint committee members. The Executive Board appointed a sub-committee of Joe, Ross and Adam to rectify that issue and conduct a general review of the bylaws to identify any other problems. The Committee has completed its work and Adam presented its recommendations to the Executive Board and Full Commission. The Commission asked for some additional minor changes. Adam brought the proposed minor changes to the Executive Board. **The Board approved the minor changes and asked Adam to put the Bylaws adoption with the changes on the Full Commission agenda for next month.**

Act 181 Future Land Use Changes Outreach Plan: Adam outlined his general plan for outreach to the region for rewriting the future land use section and maps of the regional plan. He noted we had already held our large regional public meeting. The next phase will be meetings with individual communities this spring, resulting in a draft regional plan section and map by the summer. We will then vet that regional plan with the goal of submitting it to the Land Use Board for its review and approval in the fall or winter of 2025 and full approval and adoption by the full commission prior to June 30, 2026.

Staffing: Adam reported that the Commission’s three new hires are doing well and coming up to speed quickly. He outlined how he had split tasks between the three new employees. Danelle is focusing on water quality, health equity and housing (Act 181); Rebecca is focusing on administration (website and cyber security), housing (Act 181) some project administration and coordinating the regional plan; Jolyon is focusing on all aspects of energy planning including MERP and rewriting the energy section of the regional plan.

Other: None.

NEW BUSINESS

Proposal for Slate of the Nominating Committee: At our February Full Commission meeting we asked for volunteers for the Nominating Committee, which often includes outgoing members of the Executive Board. Jeremy Grip and Jamie Dayton will be leaving the Board at the conclusion of this fiscal year and agreed to serve on the Nominating Committee for their successors. **Jeremy Grip moved that the Executive Board propose a slate for the Nominating Committee consisting of himself, Jamie Dayton and a member to be nominated from the**

floor. Jamie Dayton seconded his motion, which the Board passed unanimously.

Annual Meeting Planning: Adam noted that he had spoken with the Town Hall Theater as a location for our annual meeting. He still needs to secure a caterer and a speaker for the event. The Executive Board gave Adam several suggestions which he shall pursue.

Other: **None.**

MEMBERS CONCERNS/INFORMATION

Jamie Dayton noted that he had met with Danelle Birong to begin crafting Pantan's application for a municipal planning grant and that she was very helpful.

Shannon thanked Cheryl for her service on the Vergennes City Council, noting she was stepping down on Town Meeting Day.

Arabella noted she had recently taken an Amtrak train all the way from Colorado to her home station in Vergennes.

EXECUTIVE SESSION

Not needed.

ADJOURNMENT

Arabella ordered the Executive Board adjourned by unanimous consent at 7:24 p.m.

Respectfully submitted,

Adam Lougee

Explanatory notes:
 Under revenue, subcontract income is \$415,458.61
 Under expenses, subcontractor expense is \$354,426.24
 The difference of \$61,032.37 should be factored into the net income as a negative amount, adjusting net income closer to \$73,897.45.
 This variance exists because we have currently invoiced a higher amount for subcontractor work than we have paid out.
 This will balance out in the next quarter as payments are received and subcontractors are paid within the allotted time

ARTICLE XII: COMMITTEES

SECTION 1201. Composition

1. Upon assuming office each year, the Executive Board shall appoint the chairperson and membership of such standing committees as it deems necessary to fulfill the responsibilities of the Commission. The Executive Board may also appoint the Chairperson and membership of ad hoc committees deemed necessary during their term.
2. Committee chairs must be delegates from voting municipalities. Any person shall be eligible to serve on a committee. Voting on policy and ad hoc committees shall be limited to duly appointed delegates, alternates (even if a delegate from the same municipality is present) and Citizen Interest delegates. However, ad hoc committees structured specifically to meet the requirements of a law or funding source, such as solid waste committees under Act 78, or transportation planning committees under the Federal law, as amended, are not subject to the voting rule. Municipal representatives and representatives from the Commission shall both be eligible to vote. Such committees, if possible under their enabling legislation/funding, should have a Commission delegate as chairs to enable communication and coordination between the Commission and ad hoc committee.
3. The Executive Board shall make Committee appointments from a list of the delegates and alternates. Any delegate or alternate may make requests or add recommendations to that list. The Executive Board shall review the requests and make appointments such that balanced representation occurs within each committee.
4. Committee requests shall be submitted to the Executive Board by August 1 of each year. The Executive Board shall make its appointments at the September Full Commission meeting each year.
5. Any committee chair may, with the approval of the Chair of the Executive Board, after consultation with the Executive Director regarding staff capacity, appoint subcommittees to conduct specific work on topics within the Committees' jurisdiction.
6. No committee shall consist of fewer than three members.
7. Vacancies on committees shall be filled using the same procedures regarding appointment to the Committee as noted above.

SECTION 1202. Powers and Duties

Committees shall have the power to gather information, prepare reports and make recommendations to the Commission. No committee may take unilateral action on behalf of the Commission without approval of the voting delegates to the Commission.

SECTION 1203. Standing Committee Meetings

Quorums for committee meetings shall consist of two committee members.

ARTICLE XIII: CONFLICTS OF INTEREST

SECTION 1301. Conflicts of Interest

To ensure that this Commission conducts its business in the best interests of the Region and preserves the public trust the Region places with the Commission, the Commission shall adopt and follow a clear “Conflict of Interest” policy prohibiting commissioners from participating in Commission business where they have a conflict of interest.

ARTICLE XIV: SUPPLEMENTARY PROVISIONS

SECTION 1401. Parliamentary Authority

The rules contained in the current edition of Robert’s Rules of Order shall govern the Commission in all cases to which they are applicable and in which they are not inconsistent with these Bylaws and any special rules of order the Commission may adopt.

SECTION 1402. Amendment of Bylaws

These Bylaws may be amended at any regular meeting of the Commission by a 2/3rds vote of delegates present and voting, provided that the amendment has been submitted in writing at the previous regular meeting and included in the notice of the meeting at which such vote occurs.

SECTION 1403. Separability

If any provision of these Bylaws is held invalid, the other provisions of the Commission’s Bylaws shall not be affected thereby.
